### **Top Priorities:**

We will decrease the wealth gap. We will do this by increasing taxes on the top 1% and create more affordable living for all.

We will create more high paying jobs in Canada. This will be done through increasing heavy industry in Canada.

We will create a stronger middle class. This will be done through creating more well paying jobs in heavy industries.

### **Statement about Environment:**

We acknowledge that the climate change crisis is present, however it is not one of our top priorities as the Traditionalist Party of Canada. However we do need to protect our land.

### **Statement about Economy:**

We would like to utilize our abundance of natural resources to increase our exports and improve our economy. We will model our future economy after the best parts of our past.

### **Statement about Affordability:**

We aim to increase the strength of the middle class by decreasing the cost of housing and every day expenses. We will ban foreign buyers from Canadian Residential space as well.
