

SEXUAL HEALTH

LESSON #5 Hand In

/5

SEXUALLY TRANSMITTED INFECTIONS:

1. _____ is the only way to make sure that you are 100% safe from contracting an STI.
2. Birth control DOES / DOES NOT protect a person from contracting STIs.
3. _____ STIs can be cured with antibiotics.
4. _____ STIs are not curable.
5. Name and explain at least three ways to protect yourself from contracting an STI

6. Why are routine testing and early detection such an important aspect of your sexual health (if a person is sexually active)?

7. What does HIV stand for and what do each of the words mean?
 - a. H - human (affects humans)
 - b. I - _____
 - c. V - _____

8. Can a person actually die *from* AIDS? Explain.

YOUR THOUGHTS:

Do you agree or disagree with the following statement? Why? (your response should be a minimum of 2-3 sentences)

“If two people can’t talk about the possible consequences of having sex together, they are not ready for the level of involvement.”
