

ONTARIO AQUACULTURE
RESEARCH CENTRE

IN-PERSON OR VIRTUAL
NOVEMBER 15, 2024

AQUACULTURE TRAINING

Join our Getting Started in Aquaculture and Aquaponics Workshop to learn about initiating a fish farming operation in Ontario

.....

This workshop will provide an introduction to the fundamentals of aquaculture and aquaponics. You'll learn about system designs, fish species selection, water quality management, and more. We'll also cover best practices for starting your own small-scale operation and industry opportunities in Ontario.

ADVANTAGES:

- ✓ Expert Guidance
- ✓ Resource Library
- ✓ Comprehensive Training
- ✓ Certificate of Attendance
- ✓ Farm Tour
- ✓ Virtual Session Optional
