- Eagle Mountain is all about Personalized Learning
- When students learn about their interests they're much more engaged/involved.
- Schools are transitioning into more innovative technology.
- Confirm with Sara Parker (Board Meeting Rep.) on attending the meeting.

Personalized Learning Presentation

- Everyone had their own differing opinions on what they wanted to see with personalized learning.
- Some schools have blocks which integrate Inquiry Based Learning

- (Ana's presentation on personalized learning)
- Uniform learning doesn't work well because not everyone learns the same way (kinetic, visual, auditory, etc.)
- The district is now finding ways to help people learn in a more effective way, helping them grasp all the concepts.
- Group learning is about integrating personalized learning on more than one level, where people can still be engaged during a lesson.

Tic Tac Treat

- "Try softer" story about dedication
- 8 students chosen throughout the general and placed in two teams of 4
- Students found out around half way through they needed to work together.
