1. Describe a bullying situation from one of the resources above. What does the situation cover?

The bullying situation in the "rethink before you type" Ted Talk video, describes how cyber bullying can not only leave a mark onto your digital footprint, but on victimized individuals too. The situation covers how cyber bullying can talk cheap, call victims either mean names and even have their own view or opinion on the situation which can lead to rumors forming.

2. What strategies does the resource show to deal with these types of situations?

If you stumble across a victim who is being targeted by cyber bullying, the best thing to do is to stand up for them and keep your mind open while going through the situation you're in. Spreading cyber bullying awareness can not only help victimized individuals, but it may also help everyone rethink the messages they're spreading across online, and whether it gives a positive impact or negative impact.

3. In your own words, what do you think it means to be a Digital Leader?

Being a digital leader is a role model on the internet, Digital leaders set a positive impact in the internet and instruct the right way of how to spread positivity through the digital world.
